JAMES R.

LAWES by the grace of God King
of great Brittain, Fraunce, and Ire-
land defendor of the Faith, &c. To
the Treasurer & Patens of our Ex-
chequer, and to all our Customers,
Collectors of Customes or Subsi-
dies, Comptrollers, and Surueyors,
Searchers, Waiters, Officers and
Ministers, in any our Port, Hauen,
or Creeke within this our Realme of
England for the time being, and to euery of them: And to all
other our louing Subiects Greeting. Whereas, by an Act of
Parliament made in the first yeere of our Raigne, there is a-
mongst other things granted vnto vs a Subsidie called Poun-
dage, that is to say, of all manner of goods & Marchandizes,
of euery Marchant, Denyzon, and Alyen whatsoener he be,
carried or to be carried out of this our Realme of *England*, or
brought or to be brought into the same, by way of Marchan-
dize, of the value of euery twentie shillings of the same goods
and Marchandizes twelue pence, and so after the rate, except
all manner of Woollen cloth made or wrought, or that shall
be made or wrought within this our Realme, or by euery or
any Marchant, Denyzon, and not borne Alien, carried or to
be carried out of this our said Realme, And all maner woollens
woolfelles, and hides, and backs of leather, also carried or to

be carried out of this our Realme. And all Wines, and all manner of fresh fish, and Bestiall coming, or that is, or shall come into this our Realme as in the same Acte amongst other things at large is contained. And whereas our late deare Sister Queene *Mary*, hauing the like Poundage or Subsidy graunted vnto her by a statute made in the first yeare of her raygne, and consideringe that the same Poundage or Subsidy was graunted vnto her for the defence of her Realme & the safegard of her seas for intercoris of marchandize safely to come in, and passe out of the same. And therfore thinking it expedient that she should be duely answered thgros, towards the Maintenance of her sayd charges, did therfore cause the prices and values of diuers goods and Marchandize lyable to the payment of the sayde Subsidy or Poundage, to be inquired and examined, and did after cause the sayd goods and Marchandizes, with their values and prices to be entered and expresse in a Booke, sealed with the great Seale of *England*, and Signed with the hand of our said Sister, and remaining in our Court of Exchequer. According to which Booke, the prices & values of Marchandizes, brought into this Realme, and carryed forth of the same, haue sithence the making of the said Booke been taken and esteemed, & the Poundage or Subsidy thereof payed & answered vnto our saide deare Sister *Q. Mary*, and to our late deare Sister Queene *Elizabeth*, and to vs accordingly.

And whereas we are credibly giuen to vnderstand, that diuers of the Goods, Wares, Marchandizes, and Commodities valued and priced in the sayd Booke, are therein valued and priced at vnder values to our great losse & hindrance: & that diuers of the said goods, Marchandizes & commodities, are rated at too high and deere a rate, to the great preiudice and burthen of the said Marchants, aswell Subjects as Strangers.

And

And that diuers goods, wares, & marchandizes, both of those that are brought into this Realme, and of those that are transported & carried forth of the same, are not at all valued, priced or mentioned in the said Booke: wherby the said Subsidy or Poundage, hath hitherto been rated onely by the oathes of them to whom the said goods, wares & Marchandizes did belong. Wee let you wit, that for reformation thereof, and to the intent all and singuler such goods, wares, Marchandizes and commodities as at any time hereafter shall bee brought into this our Realme, or transported and carried forth of the same, shall and may, both for the true answering vnto vs of the saide Subsidie or Poundage, according to the true intent of the said Statute, and for the ease of the said Marchants be reasonably and indifferently rated and valued. Wee haue of late by our Commission vnder our great Seale of *England* caused inquirie and examination to be made, what reasonable and indifferent values and prizes may and ought according to the true meaning of the said Statute, bee rated and set vpon all and euerie the said goods, wares and Marchandizes, for the true answering vnto vs of such Poundage and Subsidie, as by the said Statute is and ought to bee iustly and truly payed vnto vs, and according to such report and certificate as our Commissioners in that behalfe assigned haue made vnto vs. We haue caused all the goods and Marchandizes chargeable, to and with the sayd Subsidy, being eyther brought in or transported out of this Realme, together with the seuerall kindes, qualities, numbers, wayghtes, measurss, and contents of the same, and the values, pryces and rates thereof found and certified, to bee reasonable and indifferent for the purpose aforesaide, by our Commissioners in this behalfe assigned, to be particularly entered and expressed in this present booke, containing in leaues on both sides

to the intent we may be iustly answered of the saide Subsidie or Poundage according to the tenor of the Act of Parliament afore mentioned. And whereas also our late deare Sister, finding the Custome and Subsidie of Woolles, being in yearly Reuenue verie great to diuers her noble Progenitors, to bee greatly decayed, because that lesse Wooll was shipped and carried forth of the Realme, and much mote Wooll made into Clothes and carried out of the same in Cloth by way of Marchandize, then before in the time of her Progenitours had bene vsed. And minding in reasonable sort to maintaine the Customes being the most auncient and certaine Reuenue of her Crowne, did vpon deliberate consideration in recompence of part of the said great losse, by aduise of her Counsaile, assesse vppon clothes carried out of this Realme by way of Marchandize, a certaine rate for the Custome and Subsidie of them, as in a particular declaration thereof, entered in the end of the said Booke, and signed with our said Sister Queene *Maries* hand, was, and is at large contained.

Wee giue you further to vnderstand that by aduise of our said Commissioners whom Wee assigned also to consider of our seruice in this behalfe: Wee haue caused the Rates assessed by our said Sister Queene *Marie*, for the Custome and Subsidie of Clothes to be entered and expresse in the end of this Booke, together with a declaration after what rate the seuerall kinde of Clothes therein expresse haue bene and shall be charged with Custome and Subsidie, according to the Rate assessed by our said late Sister Queene *Marie*, and continued by our said late deare Sister Queene *Elizabeth*, which wee doe hereby ratifie, approoue, and allowe to haue continuance. Wherefore our pleasure and commandement is, that all our Customers or Collectors of Customes or Subsidies within any Port, Hauen, or Creeke of this our Realme of England, & dominion

dominion of Wales, for the time being, shall from and immediately after notice to them given of this our pleasure, leaue and take vp to our vse the said Subsidie or Poundage of twelue pence vpon the pound, and our Custom e and Subsidie for the Clothes, Kerseys, and other Draperies, according to the prices, values, and rates mentioned and expressed in this Booke, and not otherwise, as they and euery of them will aunswere vnto vs for the contrarie at their perils.

Willing further and commaunding the Treasurer and Barons of our Exchequer, and the Comptrollers, & Surueyors for the time being, within any our Hauen, Port, or Creeke of this our Realme, and euery of them to charge the said Collectors and Customers, and euery of them to see vs duely answered of the Customes and Subsidies aforesaid, according to the values, prices, and rates mentioned in this booke and none otherw^e. Provided alwaies, & our will is, that if at any time hereafter it shall plainly appeare vnto our Treasurer & Barons of our said Court for the time being, that the rate, value, kinde, name, length, or content of any Wares or Marchandizes mentioned in this Booke be miswritten or mistaken in the said Booke, contrarie to the trueth & our very meaning, then they may and shall reforme the same according to the trueth and true meaning by vertue hereof.

And to the intent this order may take due execution throughout this our Realme of England and Dominion of Wales: Wee will that the Treasurer and Barons of our said Court, shall cause to be deliuered to the Customor or Collector, Comptroller and Surueyor of euery our Port, Hauen, or Creeke within this our Realme of England and dominion of wales, a perfect duplicament or exemplification of this Booke vnder our Seale of Exchequer, to remaine in the seuerall Custom-housees with our Officers there for the time bee-

ing, thereby to leuie and aunswere to vs the said Customes and Subsidies accordingly. And theſe ſhall be to them and euery of them a ſufficient warrant and diſcharge in that behalfe.

Yeouen vnder our ſigne manuell at our Manour of Whitehall, day of in the yeare of our Raignes of *Great Brittain, France, and Ireland*, the ſecond.
